WHAT TO EXPECT

Our paperless registration process is quick and easy. It will take about 3 minutes and once we check a valid ID - *Don't forget to bring it!*

Our Staff will give you a cleansing towel which you can use at our vanity mirror to wipe off any make-up. Please feel free to have a drink of water while you wait.

Our highly trained healthcare professionals will perform the laser treatment by using a hand piece, which delivers a pulse of laser over the facial area. It feels like a tingling sensation that is noticeable but not painful. The laser hits the dermis and deep cleans by vaporizing impurities in the skin. The laser also targets pigmentation, stimulates collagen production and destroys bacteria.

OUR HIGHLY TRAINED STAFF AND HEALTH CARE PROFESSIONALS WILL BE HAPPY TO ANSWER ANY ADDITIONAL QUESTIONS YOU HAVE. PLEASE CALL 877-SKINTEAM NOW.

CONTACT US

Next a layer of cooling gel is placed on the skin for the ipl (intense pulse light) treatment. The ipl delivers high intensity pulses of broadband light which helps to reduce redness and even out skin tone. The skin is then cleansed again to remove the gel and [SKIN LAUNDRY'S TONER](#) and [DAILY MOISTURIZER WITH SPF 35](#) is applied is to finish the treatment.

Our Story

WWD*Skin Laundry opens in Manhattan*

"The 1,500-square-foot clinic, which includes four rooms and is designed to look like a beach house with its open, airy California vibe in New York's Flatiron District."

*Revolutionizing
the way people clean
and care for their skin*

We treat clogged, dirty, damaged skin through affordable laser & light treatments delivered in an inviting and comfortable setting, staffed with certified healthcare professionals highly trained on proven SL methods and overseen by a team of medical advisors.

"We're not reinventing the wheel. We're saying don't do too much, just do enough, but let's bring it on a milder level. If you're looking for a quick fix, that's not going to be us. We're about working with you and maintaining your skin overtime."

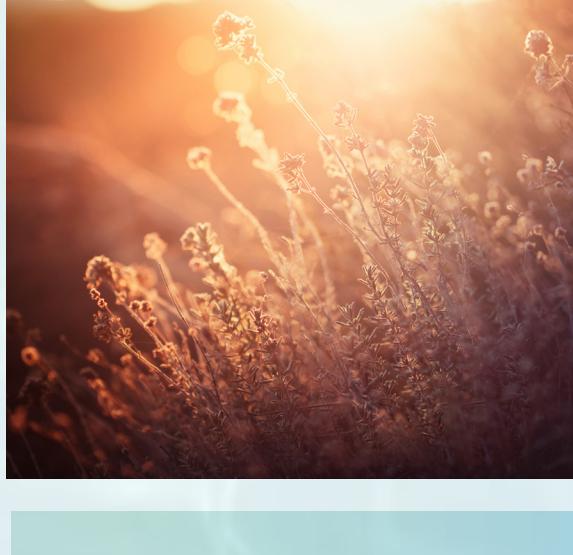

Yen Reis Founder

The Skin Laundry Philosophy

We believe healthy skin starts with clean skin... really deep down clean. The type of clean that you can only get by tapping into modern technology and using advanced non-invasive lasers and light therapy to vaporize the dirt and toxins on the surface of the skin and to reach pore deep for completely clean skin. We eliminate the small problems to achieve big improvements.

The Treatment

You're all about simple routines and solutions that actually work. So are we. We've taken world-class laser and light therapy out of the doctor's office and put it into our laundry skin clinics – where it's fast, affordable and incredibly effective. The 10-minute treatment is so easy – skin looks refreshed from the moment you walk out the door. No makeup necessary.

Every Skin Laundry treatment leaves skin deep cleaned and toned. More frequent treatments result in more dramatic improvements in the areas of acne, redness, unevenness, dullness, hyper pigmentation, photo aging. Over time, Regular Skin Laundry Treatments will visibly improve skin's smoothness, evenness, tone, texture, radiance, and clarity, while diminishing the appearance of pores, reducing the look of lines, wrinkles, and restoring firmer skin.

★★★★★

Skin type: normal
Age: 45-50

Completely changed my skin! I have suffered from acne and blemishes for years and I have been trying to be "kind" to my skin- avoid any harsh washes, masks, etc. This cleanser is absolutely perfect! My skin is flawless, moisturized and looks so healthy!!!!

Suzie

★★★★★

Skin type: sensitive
Age: 20-25

I have very sensitive combination skin, and it removes my makeup--waterproof mascara too--without damaging my skin. Will definitely repurchase, I have yet to dislike anything from FAB.

FAQ

FREQUENTLY ASKED QUESTIONS

How does it work?

Our unique method involves using a YAG laser and IPL (Intense Pulse Light). The laser actively vaporizes excess dirt, makeup and bacteria from your pores first and foremost; the long term effects of the laser can help with pigmentation and collagen production. The IPL works with the brown and red tones of the skin to even out the skin tone as well as stimulate the natural collagen that lies down in the dermis. The combination of laser and IPL clears tones and conditions the skin. The pores are also minimized so they appear less visible.
